REAL @ ESTATE

New Home Wish List

Create a wish list below; leave the priority column until you have completed the rest of the table, then go priorities each item on your wish list by numbering each item in order of priority, start with the highest priority and work back to the least important. You might find it helpful to consider what you like and dislike about the home you are currently in or have previously lived in.

Priority number	Wish	Notes
	Return on Investment	
	Location	
	Land size	
	Age and style of home	
	Bedrooms	
	Bathrooms	
	Car Parking
